Annual VISION Drishti blooms once in a year

From the Desk of the Managing Trustee

Ravi Sam

A hearty welcome to all the Parents, Students and well-wishers of Sri Gopal Naidu Educational Institutions. The world keeps changing, whether we want it or not. It is said that in today's world, only one among the things we see in our childhood lasts our lifetime. A well-designed, interactive and accessible website is crucial for any educational institution as we are living in a supersonic speed, technology-advanced world. When a parent is trying to find info about the school, the first place is the internet. Over 50 years of making leaders, SGN institutions were founded in 1972, a visionary dream of my grandfather, the late Rao Bhagadur V. Gopal Naidu. From its inception to its realization, our family has been involved in the fruition of the school. We at SGN Schools believe that every student is different but unique in their own way, so we retain the highest calibre of staff, which honors our commitment to SGN Institutions' vision and mission as every student should be instilled with good values so that they can grow up to be a good valuable person. I would like to see every child, succeed in life and we have to keep striving them to make their dreams come true and are responsible in making that happen. We at SGN Educational Institutions create our classrooms, a crucible for learning!...& imperiously marching with all guns blazing to the pinnacle of glory...

"We don't believe in teaching the children by force instead they are directed to what amuses their mind"

In a world torn by conflicts & difference, we always try to unlock new ways of viewing problems & opens doors to a brand-new world of potential solutions and perceptions.

We compare it to our own educational experiences and realize the speed of change in education and respond to these growing demands and challenge through dynamic planning ensuring an enhanced and enriched curriculum.

We believe that education is about preparing and equipping young people for life and not just for school. With these wordings as our inspiration, SGNCS provides a stimulating environment where children enjoy learning and are encouraged and challenged to perform to the best of their abilities, in all areas of our extensive curriculum.

The one aspect which really stands out in SGNCS is just how happy our students and faculty are, and how each and every one of them finds their passion and area to excel. We trust the pillars of a school, enthusiastic learners, responsible parents, good teaching faculty and caring management work together, can scale greater heights. Join SGNCS and be a part of our thriving family....

I have heard and learnt in my experience that 'A significant journey of a thousand miles often begins with a single purposeful step'. It is with that sense of purpose that SGNCS, opened doors in the year 1972, offering a protected and invigorating space for young minds to explore, expand and evolve. The school aims to ignite in its students the desire to develop a lifelong habit of learning. With so much of dramatic transformation taking place in the field of education, it becomes imperative for educators to accept, adopt and acclimatize to this much needed social change. It gives me immense pleasure to share, that SGNCS too has begun its journey to reinvent itself under the able leadership & the trustees, the Principal and the committed workforce to set new paradigms, both in the scholastic and co scholastic domains of pedagogy.

we take pride in remaining rooted to our cultural identity while imparting an educational experience that is world-class in every respect and which prepares children for global citizenship. As we take firm strides into the future, it will be our lifelong aim to produce leaders who will not only be trailblazers in their chosen field but also have the courage to be instruments of change. I believe that "Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations". Let us humbly pay our obeisance to our Almighty and School Founder and consider ourselves to be blessed by his presence in our life. May they support us all the way!
